TRANSPORTATION

Our priority is to ensure our clients a 100% safe and comfortable trip. Our experienced drivers know the Ethiopian roads pretty well and drive with strict safety measures.

ACCOMMODATION

We only feature hotels and lodges that we have stayed in and we believe to be the best in their area, always looking for value, character, and good service. In some of the secluded and undeveloped regions, the obvious trappings of comfort may not be immediately apparent, but something special is everywhere: a unique style, a remarkable setting, wholesome comforts, and a dedication to protect their natural setting and to please every guest.

OUR TRIPS

Our trips are carefully designed to combining historical, cultural and natural riches with comfort, safety, luxury and adventure to create trips our guests will talk about for a long time. We have 4 key components; **discovery**, **value**, **pace** and **choice**.
